Service Since 1980

Offering Laser Cutting ~ Shearing ~  
Punching ~ Bending ~ Welding ~ Inserts  
~ Grinding ~ Tubing ~ Assemblies ~ A  
Variety of Finishes for Prototypes ~  
Short Runs ~ Large Quantities

At Trexler Industries we are committed to quality and on-time delivery by utilizing our expert knowledge and manufacturing techniques. We can work with virtually any material, so we would like the opportunity to quote your next requirements.

We can convert from over 75 different CAD packages to quickly send your job to our Lasers.

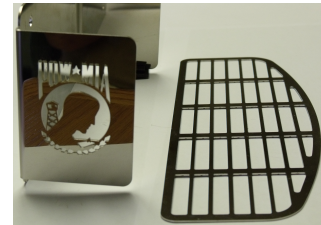

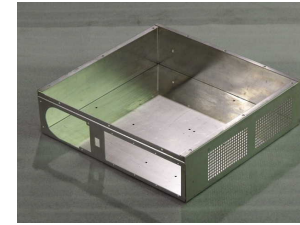

From there it gets the appropriate secondary operations, whether it be machining or bending on our CNC press brakes, welding, hardware insertion or other finishes.

# IF YOU NEED IT.....WE CAN MAKE IT.

Shown below are just a few of the many thousands of parts of every imaginable shape and size down to smaller than a dime. If you require specialty fasteners, we do it. We also offer several finishes for your parts. Black oxide, zinc chromate, nickel, chrome, teflon, and limitless colors in wet or powder paint. Heat treating is also available.

We are committed to building a solid, long term relationship with all our customers. Our success stems from experience, expertise, and a dedication to our customers for the past 35 years and counting.

Whether your parts are the size of a dime or a small garage, we can assist you.

Contact us today for your next quote and put us to the test, we're the best.
